24/09/21

Dear Families,

On Monday and Tuesday this week our Junior & Middle Primary students had their **Science for Real** incursions. The students in Rooms 1-4 participated in a *Fun with Science* workshop and the students from Rooms 17 & 18 looked at *Magnetism & Electricity*. The students had a great time with these hands on science activities.

On Tuesday we had Riley, Ricky, Braxton, Caitlin and Neive represent Southern Valley at the **State District Day**. Well done to all participants, and congratulations to Neive for receiving a gold in the Under 12s discus.

Miss B and Mrs James' class have been working on a **Three Little Pigs** project where they had to design and construct a house. The students have been very engaged in this task, adding many special details to their houses.

On Thursday Room 4 had a party to celebrate Miss Vanessa's last week in the Year 1/2 class. We again thank **Vanessa Chaptini** for her commitment to the class as we welcome back Alicia Parrish from maternity leave.

Room 3 have continued to work on the **sensory garden** in the courtyard, planting further seedlings they have raised. The students also created some beautiful bunting to help remind students not to go into the garden and step on the plants.

This afternoon is our **School Run 4 Fun Colour Explosion**. The students are eager to participate and the excitement has been electric! We will update the community further with photos via Seesaw, Class Dojo and Facebook. Thank you to the Fundraising Committee for organising the event, to families for their donations and for the volunteers who are helping out this afternoon!

DATES FOR YOUR DIARY

Week 4
Book Fair

We hope all our students have a restful break ready to start our last Term for the year. Have a happy and safe holidays and we look forward to finishing off a successful year in Term 4.

Kind regards,

Paul and Anthea
